

ImagePerfect™ AT 500

High-Tack Application Tape

ImagePerfect™ AT 500 is a highly-engineered, paper application tape with a high-tack adhesive that has been specially developed for all graphic applications.

ImagePerfect™ AT 500 has been engineered to offer higher performance values than most standard application tapes. It has excellent layflat properties and will not curl on the edges. It promotes easy stacking properties, which makes the graphics easy to stock for a longer period of time and allows for trouble-free transportation. As such, stacked graphics will not stick to each other and will remain free from creasing. The high-tech, latex-based adhesive system provides very good adhesion properties on silicone paper. IP AT 500 can be used in conjunction with glass decoration products, gloss vinyls, matt vinyls, polyester, etc, but it would typically be used for (smaller-scale) Signage installations rather than (larger-scale) Digital installations.

Specifications	
Description	Paper application tape
Colour	Translucent, white
Thickness	110mym
Weight	N/A
Adhesive	Latex-based
Adhesive Strength	18N/100mm
Tensile Strength	74N/25mm
Elongation at break	3-4%
Shelf Life	6 months, 20°C / 55% humidity
